Dear Microsoft Settlement:

I am very upset with my government suing microsoft in my (the consumers) name. I have used Microsoft products for ten years and they have never harmed me or prevented me from using Netscape..In fact I had both programs on my computer until the Government sued Microsoft. Then I removed Netscape. My government is using unfair business practices, by sueing a major company that has on my opinion done nothing wrong. I suggest you drop the case and settle. Sincerely,
